Pirate DJ Services

Music - it can be the cornerstone of any successful event, and yet all too often it's relegated to a mere afterthought. At pirate events this often translates into music consisting of little more than the latest Pirates of the Caribbean soundtrack played on "repeat."

At Bilgemunky Enterprises, we think this is the greatest of tragedies. Today's pirate-themed music is surprisingly rich and diverse, with something to appeal to most any taste. Whether you enjoy rollicking jigs and movie soundtracks, prefer some laid back island-style tunes, or want to raise the house and fill the dance floor, we can generate playlists that suit your tastes while also creating a definitive pirate flair for your event.

Pirate Music For Any Occasion

Sea shanties and movie sound tracks are a great start to any pirate event, but it doesn't have to stop there! Bilgemunky Enterprises specializes in pirate music from a wide range of contemporary genres, including rock, rap, punk, even ska and jazz!

Romantic pirate ballads for themed weddings, background pirate tunes for mixers, danceable pirate jigs and beats from traditional to modern - **we have it all.**

DJed by a Real Pirate!

When you hire Bilgemunky Enterprises, you not only get the most diverse collection of pirate music imaginable, but you get an experienced DJ that looks the look, walks the walk, and can yell "Avast, ya pelicans" with the conviction of a salty rapsallion that washed up on the morning tide. After all, pirate music is great—but only when it's hosted by a real pirate does it become truly ARRRsome!
